

Get a Studebaker Demonstration

—Let us show you

The Wagner Starter

Built expressly to start Studebaker motors, the Studebaker-Wagner starter is the simplest, surest appliance of its kind on the market. It never hesitates, never balks—in all our experience we have never known it to fail. It's one of the proofs of Studebaker VALUE.

A Studebaker Demonstration has often saved a man the price of a couple of sets of tires.

Alliance, Nebraska

Chadron State Normal School

Robert I. Elliott, President

Wednesday morning in chapel Miss Lela Pitts rendered two vocal selections, Miss Mary Wilson played two piano solos, Miss Mayo gave two readings Miss Emma Lou Abbott and Miss Hazel Beckwith sang a couple of duets and the program closed with a couple of violin solos by Greydon Nichols and a selection by the orchestra.

Friday morning Miss Hazel Meyer gave two readings, Miss Hazel Beckwith sang some solos and Miss Jane Babcock contributed two piano solos. It is the plan to have all students with talents in any line to appear on the chapel program from time to time. This enables the student to appear at ease before the public and also gives the student body and parents an opportunity to see the progress the others are making in their work, besides affording a pleasant and profitable chapel period for the audience.

Monday morning Miss Winne Deltzell sang two vocal solos in chapel. At this time, we were pleased to have with us Prof. and Mrs. Hutton of Spearfish, S. D. Mrs. Hutton was the former secretary of the Chadron Normal and has a host of friends here who were heartily glad to visit with her once more. Prof. Hutton is the head of the history department of the Spearfish Normal. They were on their way to the eastern part of the state to spend their vacation. Prof. Hutton in responding to an invitation from President Elliott made a short talk bringing greetings from the Spearfish Normal, and expressed a hope that the pleasant relations between the two institutions might continue in the future as in the past.

A beautiful colored picture entitled "Spring" by Mauve, the renowned painter, was hung in the eighth grade room last week. The picture is a most excellent piece of copy work and will be an inspiration to the children who sit in this room the coming year.

The pupils in the grammar grades enjoyed a picnic in the hills back of the Normal last Thursday evening from 4:30 to 7:30. Mrs. Rustin and Miss Leona Furman had charge of the young people. A "weeney roast" was the main feature of refreshments, which was followed by quantities of ice cream. The children report a very happy evening.

The Class in construction work has been doing some real practical work this summer, in basketry, sewing and cross-stitch. The Picture class have about completed their work of studying artists and their pictures, of Italian, French, Flemish, Spanish and American nationality.

The school gardens are producing a profusion of sweet peas and the dormitory is fortunate in being able to have these on the tables.

More than double periods in conference work are being held this week in order to catch up with the many good things that were presented the past week. The model school pupils were dismissed a week early in order that this work might be accom-

plished.

Last Saturday a picnic and excursion were arranged for the benefit of the Normal Students. The annual picnic was held at Bordeaux, which a large crowd attended, leaving on the morning train and returning in the evening. They report the usual good time. An excursion was taken to Hot Springs and Wind Cave, and the 25 or so who went are very enthusiastic about the scenery.

Worms Make Children Fretful
Children suffering from worms are dull and irritable, puny and weak, often grind their teeth and cry out in sleep, being a constant source of worry to their parents. Kickapoo Worm Killer is a mild laxative remedy in candy tablet form that children like to take. Promptly effective, it kills and removes the worm from the system. Irregular appetite and bowel movement, lack of interest in play are sure signs of worms. Relieve your child of this burden. At all druggists, 25c. Adv—1

FURNISHING THE WINDOW
Harmony for the exterior as well as for the interior is necessary if a window is to be perfectly furnished, say home economics specialists, who offer the following suggestions for selecting curtains:

1. Curtains which show in any important view of the house should be somewhat alike in color and weave.
2. Shades of good color, not torn or cracked, are essential. Shades should be of one color outside, and this color should be one that harmonizes with the color of the house. Duplex shades are very convenient, as they may be chosen with linings to suit each room.
3. Inner curtains should harmonize with rugs, furniture, and walls.

Sloan's Liniment for Rheumatism
The torture of rheumatism, the pains and aches that make life unbearable are relieved by Sloan's Liniment, a clean clear liquid that is easy to apply and more effective than mussy plasters or ointments because it penetrates quickly without rubbing. For the many pains and aches following exposure, strains, and muscle soreness, Sloan's Liniment is promptly effective. Always have a bottle handy for gout, lumbago, toothache, backache, stiff neck and all external pains. At druggists 25c. Adv—1

INVITE COMPETITION FOR FAIR PRIZES

Scotts Bluff County Agricultural Association Removes Restrictions on County Fair Exhibits

Mitchell, Nebr., July 26—The Scotts Bluff County Agricultural Association, board of directors, held a meeting July 21, and it was unanimously decided that as the counties adjacent to Scotts Bluff county had decided not to hold their annual fairs

the Scotts Bluff county Agricultural Association remove all restrictions against outside competition for prizes and premiums and invite competition from the citizens of Goshen county, Wyoming, Sioux, Box Butte, Morrill and Banner counties, Nebraska.

It was decided to give premiums for both irrigated and dry land exhibits of agricultural products.

The 27th Annual Fair will be held the 12th, 13th, and 14th of September and it is the intention of the directors to make this the largest and best fair held in the west. The Grand Stand capacity has been doubled, the grounds have been enlarged and beautified, new cattle barns erected and great additional facilities for handling automobiles and people.

The tract has been worked all summer and will be in excellent condition and the race program is bigger and better than ever including automobile races; two days.

Wednesday has been appointed as school-children's day and on the application of Teachers, the Secretary will send complimentary tickets for all school children. The display of schools will be under the immediate supervision of the county superintendent and will be greatly enlarged and will be among the attractions. Premium lists can be secured by writing the secretary at Mitchell, Nebr.

This fair will undoubtedly be the great event of the year.

Spring Colds Are Dangerous
Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief, this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone. Adv—1

The Herald buys old newspapers, magazines, catalogs, and scrap paper of all kinds in good condition. We pay twenty cents per hundred pounds—four dollars per ton. Lots of one hundred pounds or more called for if within the city limits of Alliance, Phone 340.

SEEDING ALFALFA
Stubble ground that is relatively free from weeds makes the best ground upon which to plant alfalfa. In the eastern half of Nebraska, August 10 to 20 is regarded as the most desirable time of seeding, provided a well prepared, compact, moist seed bed is available. About 15 pounds an acre is sufficient seed

under favorable conditions, but 20 pounds is more desirable under less favorable conditions. The Experiment Station at the University Farm has found no variety of alfalfa which is superior to the common alfalfa grown almost exclusively in Nebraska.

BATTLING NELSON COMING TO ALLIANCE

Greatest of all Champions Here August 10 With Yankee Robinson's Big Circus

Battling Nelson, the greatest of all champions, with his sparring partners and company of trainers, is the principal attraction at the big athletic show, and will appear after noon and evening in Alliance with the Yankee Robinson Wild Animal Circus when that aggregation appears here on Friday, August 10.

Circus owners are forced on the lookout for real worthy attractive feature celebrities, big thrilling acts and meritorious added attractions, in addition to the regulation arena program and an extensive menagerie that alone costs thousands of dollars and is only mentioned incidentally. Expense is no consideration when

the right circus headline can be secured. Fred Buchanan, manager of the Yankee Robinson 3-ring Wild Animal circus, announces for this season's tour, the greatest added feature attraction that any tented organization has ever offered the generous patrons of any arena program in circus history.

Champion Light Weight
Battling Nelson the champion light weight of the prize ring, is a clean cut example of the sturdy youth, has always eschewed bad habits, for he has never chewed, smoked or used liquor or dissipated in any form.

The great Dane has participated in over 500 ring battles during his twenty years as a professional fighter. Nelson is a wealthy man today and a genuine credit to the scientific doctrine of clean living, an object lesson to all men and boys of the nation.

Outside of the largest cities this will be the first appearance of the champion of the fistie arena whose clean record, both in his profession and in private life, never in his entire career implicated or involved in any shady or dishonest transaction, classifies him as a man among men. Battling Nelson is a genuine attraction and will undoubtedly prove as big an attraction in Alliance on August 10 as in the other cities over the country where he has visited in connection with the Yankee Robinson shows.
